

## Description

Laminate credit card sources are designed for use as reference sources and offer a convenient alternative packaging which is easy to handle and store. Each credit card source is constructed using 7.5 mil, heavy-weight card stock and is available in one standard size:

- 3.75 x 2.25 inches (95.3 mm x 57.2 mm)

The maximum deviation of the delivered activity from the nominal values listed is  $\pm 20\%$ . Credit card sources are not available for a secondary calibration. Activities will not exceed the U.S. NRC Exempt Quantity limit.
